

RED BRAND[®]

- **GALVANNEALED[®]** for lasting protection against rust
- **COPPER-BEARING WIRE** adds years of extra service
- **EASY TO ERECT** over all terrain
- **WIRE STAYS TAUT** against all livestock abuse

the only fence line
that sells on sight!

RED BRAND STOCK and FIELD FENCE

Fulfills most farm and ranch needs. Choose the height, spacing and weight of wire required by type of livestock. 55-inch fence gives neat appearance with maximum protection. 47-inch fence, preferred by cattlemen, gives full animal protection—needs only one strand barbed wire to keep cattle from pushing over top. 39-inch fence, with two strands of barbed wire, is easier to handle and stretch. Packed in 20-rod rolls.

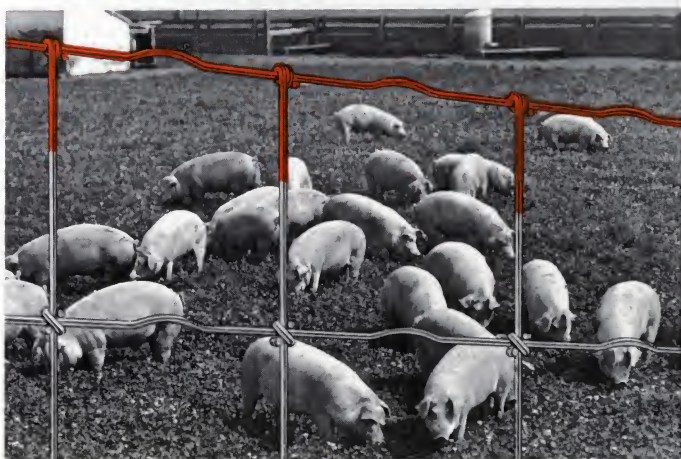

Mesh: 6 or 12 Inches between stay wires. **Gauge:** 9, 11, 12½ and 14½ gauge steel fillers. **Knots:** Made with both Stiff-Stay (Square Deal[®]) or Hinge Joint (Monarch[®]) knots.

RED BRAND HOG and FIELD FENCE

An all-purpose livestock fence, especially suitable for hog and field enclosures. Available in heights, mesh sizes and weights to fit individual needs. Heavier gauge wire is best for permanent fence around buildings and smaller lots. Lighter gauge fence handles easily for temporary fence. Stiff-Stay knots help fence adjust to uneven ground. Six-inch stay wire spacing is recommended where fence strains may be great or to turn small livestock.

Heights: 26 and 32 inches. **Mesh:** 6 or 12 Inches between stay wires. **Gauge:** 9, 11, 12½ and 14½ gauge stock fillers. Heavier top and bottom wire for each. **Knots:** Stiff-Stay (Square Deal[®]) or Hinge Joint (Monarch[®]). 20-rod rolls.

RED BRAND

barbed wire

Features the famous Red Brand quality. The red barbs, as well as the copper-bearing wire, are Galvannealed to provide cost-cutting service. Easy to erect.

No. 50—Defender—No. 12½-gauge strands; No. 14-gauge barbs 4" apart. 80 rod—2 pt.—78.9 lbs.

No. 80—Ruthless—No. 12½-gauge strands; No. 14-gauge barbs 5" apart. 80 rod—4 pt.—86.4 lbs.

No. 70—Arrow—No. 14-gauge strands; No. 16-gauge barbs 4" apart. 80 rod—2 pt.—51 lbs.

No. 60—Hawthorn—No. 12½-gauge strands; No. 14-gauge barbs 4" apart. 80 rod—2 pt.—76.3 lbs.

4" apart. 80 rod—2 pt.—63 lbs.

NO. 85—ECONOMY

No. 13½-gauge strands, high tensile; 14-gauge barbs 5" apart. 80 rod—4 pt.—71 lbs.

RED BRAND SPIRAL FENCE STAYS

These easy-to-attach stays distribute shocks and strains throughout barbed wire fence. They keep the fence trim and serviceable. Made of No. 9½-gauge Galvannealed wire. Sizes two to five feet long, 100 to bundle.

RED TOP POSTS

These good-looking posts are made of tough, resilient rail steel, T-shaped for added strength. Two heavy coats of paint, baked-on, give a bright aluminum finish that stops rust. The post is held securely in the ground by an easily-driven anchor plate. Posts are easy to set and move. Angle end and corner, tubular end and corner, punched angle and channel posts available.

Order by heights. Shipped 5 posts to bundle, 5 fasteners per post. Extra fasteners available on request.

KEYLINE POULTRY NETTING

No bag, no bulge, no buckling! The horizontal "keylines" take the stretch. The bottom wire hugs the ground and the top wire is straight and true. Only Keyline netting stretches-up tight. The "keylines" make the difference.

Comes in 12, 18, 24, 36, 48, 60 and 72 inch heights, one and two inch mesh, 20 gauge wire. Heavy-duty poultry netting also available in 1½" x 17 ga., 1½" x 18 ga. and 1" x 18 ga. styles.

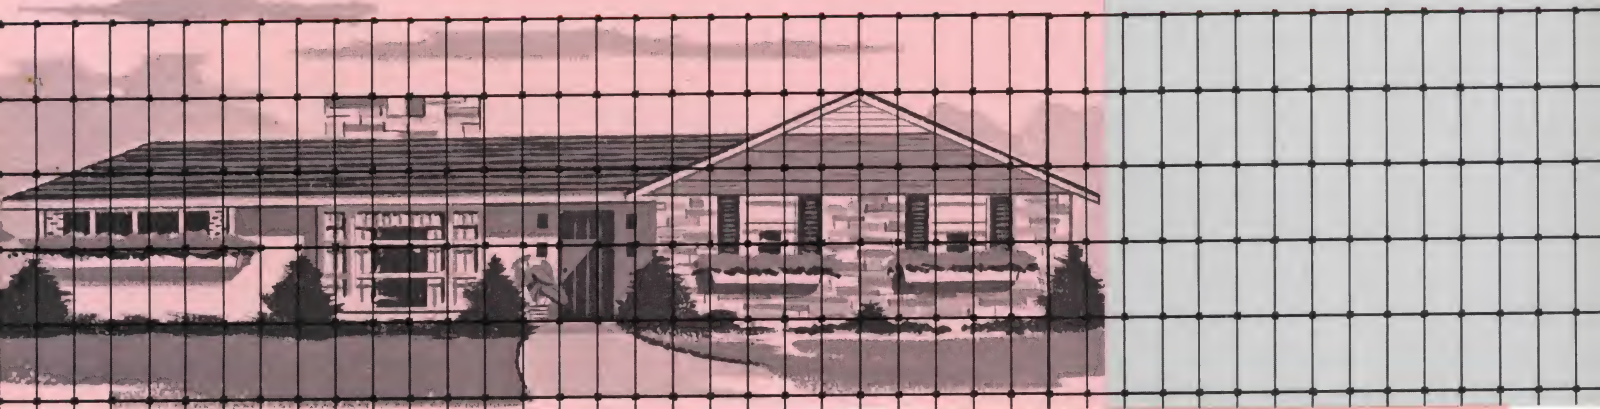

KEYSTONE STEEL & WIRE COMPANY

the KEYSTONE complete line of

lawn products

KEYSTONE NON-CLIMBABLE FENCE

For low cost in contemporary design, made of copper-bearing wire, galvanized to last for ages. Unique Square Deal knots hold the wires without slipping, yet allow flexibility in erection. The 2" x 4" style is especially strong, tight, and secure—the best yard fence you can buy for safe, beautiful boundaries.

The versatile 2" x 2" style is ideal for partitions, playgrounds, guards, pen bottoms—wherever close mesh is needed.

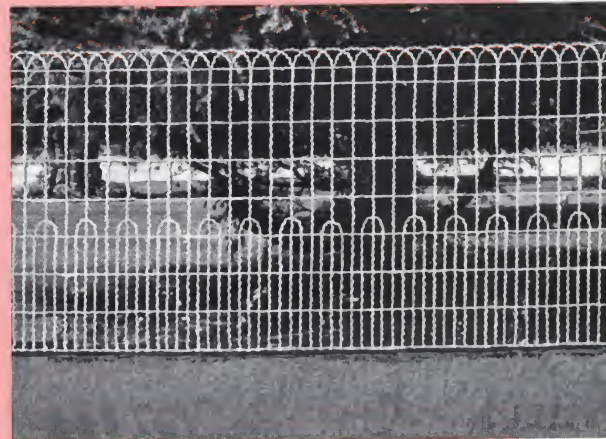

KEYSTONE ORNAMENTAL FENCE

A beautiful lawn fence of bright, heavily galvanized fabric. Low in cost and easy to erect. The crimped wire is symmetrically curved along the top of fence for added beauty. Styles K and KL fence have pickets spaced three inches wide at top and one and one-half inches at bottom, with wire curved in center of fence. Pickets of Styles L and LL are spaced three inches apart at top and bottom.

Order by Style and Height. Specify 100 or 165-foot rolls.
